

Swan Hill Regional Livestock Exchange

PRIME CATTLE MARKET REPORT 4TH FEBRUARY

Agents this week yarded an increased number of cattle at just over 1200 head. The regular following of processors and lot feeders were in attendance along with some extra competition from restockers. However, the majority of the yarding was sold to processors.

A good supply of quality heavy cattle, with the majority being sourced locally and from Mildura area saw prices increase by 4 to 5c/kg, however plainer yearling cattle remained firm on last fortnight's rates. Better quality vealers sold to strong demand remaining firm to slightly dearer and secondary vealers stayed firm. An increased demand of cows and heavy heifer this sale saw prices increase by 10 to 15c/kg with heavy heifer showing the most improvement. Limited supply of store cattle available met strong competition increasing by 5 to 8c/kg and purchased locally.

Quotations:

Category	Weight Range	Average	Top	Top pen presented by	Origin
Vealer Steers	200 to 280kg:	284.3	320.6	A Amos	Sea Lake
