

Swan Hill Regional Livestock Exchange

PRIME CATTLE MARKET REPORT 1st SEPTEMBER 2016

Swan Hill Regional Livestock Exchange hosted its fortnightly prime cattle market on Thursday 1st of September which saw much smaller yarding of 762 head due to recent rainfall within the region. All regular buyers were present, however not all were operating fully in a mainly firm market.

Reduced numbers of cows sold firm to slightly easier with light, plainer types most affected being 6 to 10c/kg cheaper. A good offering of supplementary and grainfed cattle sold firm to 5c/kg cheaper on last sale with plainer secondary cattle seeing reduced rates of up to 8c/kg.

Fewer trade and good quality vealers were available this week, however most sold firm with the better, well finished vealers selling to spirited competition for the best quality. Very few store cattle were yarded with most meeting solid demand from feedlotter.
