

Swan Hill Regional Livestock Exchange

Prime Sheep & Lamb Sale 19th of October 2017

Total Yarding of 7806 Lambs: 2825 Suckers: 3449 Sheep: 1067

Most buyers were present at our regular fortnightly sale less one major supermarket buyer this week. The quality of the 7806 yarding had slipped slightly when compared with a fortnight ago. Lambs dried off and carried less weight. Heavy lambs were fully firm on last sale. Trade stayed firm while old & merino lambs were scarce. A good quality yarding of Dorper lambs sold to firm rates. A run of store merino lambs out of Broken Hill met strong competition from re-stockers. Mutton saw a dearer trend selling at \$5-\$10/per head up. Next fortnight sees the last of the 2017 season. Agents have combined the last sale with Special for the 2nd of November.

Billy Wilson pictured with his Dorper Lambs that sold for \$154
