## Prime Cattle Sale 25<sup>th</sup> OCTOBER 2018

This week's sale saw agent's yard just over 1800 head of cattle. Numbers continue to come due to recent rains in the district being insufficient to sustain producer's herds. With an additional export operator present, competition remained solid across all export categories leading to price increases up to 20c/kg better than last fortnight. Trade stock continued the upward trend to finish 10c/kg better. Supplementary fed cattle prices remained resilient to finish firm. Cows saw the biggest gains across the market, with prices up 40c/kg on last sale. Overall and excellent quality yarding with good price gains across most categories.
