

# Swan Hill Regional Livestock Exchange

## Prime Cattle Sale 28<sup>th</sup> March 2019

Swan Hill Regional Livestock Exchange throughput saw a sharp decline this week seeing Agent yarding drop to below half the previous two fortnight's numbers. The rapid reduction in yarding is a direct response by producers to price declines across Victoria. Quality slaughter ready cattle were available in small numbers, while the remainder of the yarding consisted of secondary types. Evident was the wide price range of 140c/kg-240c/kg for feeder steers & young store cattle, while the better pens averaged 280c/kg-296c/kg. Re-stockers returned to the yards this week to compete with processor & feedlot buyers. Prices are yet to make a full recovery however, solid gains were seen in the Cow run quotations finishing not far off the same time in 2018. Dairy Cross steers were plentiful with the heavier drafts across the weighbridge selling to 231c/kg lifting the overall sale average prices.

### Quotations:

| Cattle Class | Price Range c/kg<br>lw | Top Producers   |
|--------------|------------------------|---|
| Export       | 200c - 305c            | 305C/KG – JP & RJ SCOTT – OUYEM<br>285C/KG – BW & MJ MORRISH - OUYEN<br>230.6C/KG – A & H DAKIS – MONAK<br>230C/KG - A & H DAKIS – MONAK<br>230C/KG – A & A ENT.PTY LTD - COBRAMUNGA  |
