

Swan Hill Regional Livestock Exchange

Prime Sheep & Lamb Sale 31th October 2019

There was limited supply for the last fat sale at Swan Hill this week with Agents yarding just over 3800 head. A cheaper lamb market overall with Dorpers' filling processor orders in the Trade weight category. Mutton was in good supply finishing softer than a fortnight ago. More competition was evident on lighter sheep weighing 15-22kg.

Quotations:

| Sheep Class | Price Range/HEAD | |
