

Swan Hill Regional Livestock Exchange

Prime Cattle Sale 13th of August 2020

SHRLE total yarding declined this week seeing Agents yard close to 500 head. The decline was fuelled by good rainfall across the district in recent weeks. Demand for our cattle has remained buoyant with a steady level of support across all categories this week. Finished cattle found good support from processors and solid demand for breeding stock on the back of recent favourable conditions sustained prices from re-stockers. Price trends remained consistent to average 5c/kg to 15c/kg across most categories.
